How?

We have a vision for success - purpose

We will be Christ-centered

We will be intentional

We will partner with parents

We will make mistakes, but learn from them

What does
that all mean
from a
tactical
standpoint?

Scripture will begin all our practices

Prayer will begin and end our games

Prayer will end our practices

We will approach sports as a discipleship tool:

- Skill development milestones (elementary – varsity)

- Physical development milestones (elementary – varsity)

- Character development milestones (elementary – varsity)

- Biblical worldview will be reinforced

Coordination of coaches for player development at the beginning of each season

We will celebrate victory, but we will also celebrate growth and development

What can we look forward to next season?

We will be offering “Athletic Letters” for accomplished high school athletes for each sport starting fall of 2023

Not participation letters – but letters of accomplishment based on athletic and character criteria (Directly tied to our mission and vision) More details to come
